

BENEFITS

Manage Notes Effectively

Custom notes allows you to track more information and control your SL notes. It is available on most SL screens and can be added to custom screens

Control your notes

Take in-house notes and mark them internal notes. With this feature you can restrict internal notes to print only on internal reports.

Maintain Security

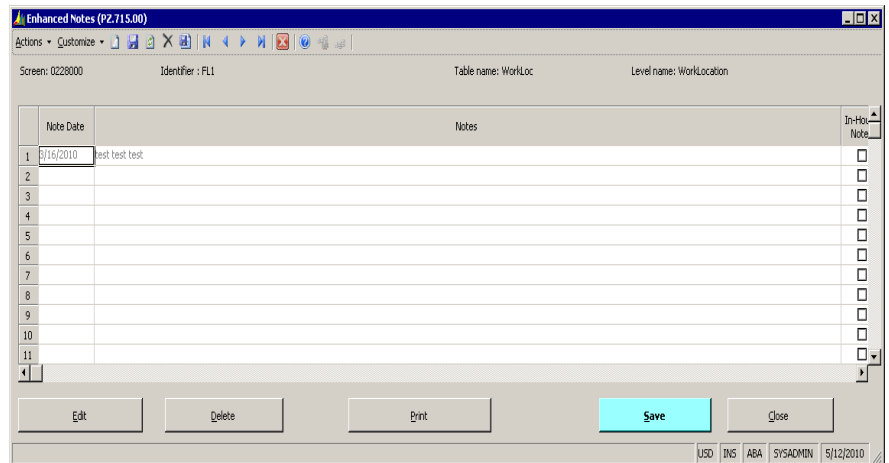

Editing of past days notes or editing on notes entered by another user could be done only after authorization. Deleting of notes (any notes – today's or past ones) requires authorization
